

# LOIRE VALLEY WINES

FOR FRESH, FRUITY AND FRIENDLY MOMENTS

## Fresh

### Light bodied and aromatic whites:

Loire's Sauvignon Blancs pair perfectly with cheese, charcuterie and greens, such as salads and broccoli. Their high acidity makes them ideal for delicate Asian dishes and Mediterranean food as well.

Look for **Touraine**, **Muscadet** and **Quincy** or **Menetou-Salon** appellations.

### Medium to fuller bodied whites:

If you're looking for fuller bodied white wines, wines composed by Chenin Blanc's grape from Loire Valley are your treat!

Pour a glass of **Vouvray** or a glass of **Savennières** to get along perfectly with fish and white meat dishes.

### Sparkling wines:

We all know that bubbles are our brunches' best friends.

Serve yourself a mouthwatering glass of **Crémant de Loire** with some fruit-based dessert such as tarts or honeyed desserts.

## Fruity

### Light bodied reds:

Let yourself be surprised by the Gamay and Pinot Noir-based wines produced in **Touraine** and **Sancerre**.

These reds pair perfectly with meatloaf. Their floral profile complements the dish's sweet and salty notes while staying in the mouth.

### Medium bodied reds:

**Saint-Nicolas-de-Bourgueil** and **Saumur Champigny** red wines are round on the palate and easy to drink.

Made predominantly from Cabernet Franc, these medium-bodied wines are perfect with lighter flavors such as pasta and salads.

### Full bodied reds:

To sublime your red meats or Indian summer BBQ, choose full body red with character and tannins, which will stand up to the meal's strong flavors.

You will find your happiness with **Anjou Villages** and **Chinon** made primarily from Cabernet Franc grapes.

### Rosés

Sweet and soft Rosé d'Anjou and Rosé de Loire appellations pair beautifully with smoked and white meats, as well with spicy foods and salads.

## Friendly

The versatile and easy drinking wines of The Garden of France Loire Valley Wines will lighten up any friendly or festive occasion.
